1. We looked at the 'Eco and Garden' link on our school website. The children were pleased to see that their photograph had been added to the website.
2. We discussed the Eco Code for our school and talked about how keeping all the rules helps us to care for God's World.
3. The children in the Eco Team will check that the Eco Code is displayed in their classrooms and we will print more out if necessary.
4. We looked at the first edition of the Eco Newsletter that was issued last term and thought that it would be a good idea to update the Newsletter for this term.
5. Everyone has really enjoyed the whole school topic 'Green' and especially the Green Day so we decided to focus on this for the Newsletter. The children all talked about what they liked best at the Green Day.
6. Mrs Doherty has set up the 'Walk to School' program on the computers in each classroom so that children can log their journeys to school each day. Children need to make active journeys to school at least twice a week in order to be awarded a special badge at the end of each month. We will put up the monthly totals on the Eco School Board. We will also use the totals for Walk on Wednesday (WOW) so that we can begin to award the golden boot again.
