

Minutes from Eco School Meeting - 14/10/16

Present:

Elijah and Elisa (Class 3), Evie and Rafael (Class 4), Vincent and Bella (Class 5), Daniel and Grace (Class 6) and Mrs Tennant.

1. Mrs Tennant welcomed the children to the Eco School Team and gave each member a 'Green Team' badge.
2. We talked about some of the responsibilities that the Eco Team have, such as looking after the outdoor areas at school and not wasting resources.
3. We talked about the National Recycling Week which is the week beginning 7th November 2016. The children understood that it is important to recycle and reuse rubbish, so that we can reduce landfill. The Eco Team thought it would be great to make models from 'junk materials' during recycling week and will suggest this idea to their class teachers.
4. We all thought it would be a good idea if each class could bring some of their work from recycling week along to show in an assembly and the Eco Team can talk a little bit about what they do. Mrs Tennant suggested doing the assembly during the 'Sustainable St Albans Week' at the end of November.
5. We talked about saving electricity by switching off lights and computer screens that are not being used during lunchtime play.
6. We looked at the Eco display board near the office.
7. We talked about picking up litter outside in the playground and the children are really keen to do this job.
