

## 'My School Days' lyrics

Look at the sunlight - it's shining on me!  
Here's where I go to be - with my second family.  
Here's where I go - with my friends, and I know  
They'll be with me 'til the end.....

Shadows and photographs - dance on the walls,  
Pictures of children - who've learnt before.....me,  
Remember those names, playing their games,  
And be sure - to catch them if they fall.....

This is my playground - where I stand tall,  
And this is my classroom - my writing on the wall,  
Here's where I go - with my friends, and I know  
They'll be with me 'til the end.

*My school days - my school days*  
*The best days - of my life - so far (REPEAT last 2 lines)*  
*Here's where I go - with my friends, and I know*  
*They'll be with me 'til the end.....*

All those around me, they know my name,  
Teaching us harmony - their aim's the same,  
Here's where I go - with my friends, and I know  
They'll be with me 'til the end.....  
And I know - they'll be with me 'til the end.....

*Repeat Chorus...*

And I know - they'll be with me 'til the end.....
