

Year 2
Home learning
Summer 2018

Your final piece of home learning this year will be to bring in something from home to present in a 'Show and Tell' to your class. This could be an interesting object, some artwork, a favourite story book, a souvenir from a trip, an award or maybe a photograph. The choice is entirely up to you!

Please ensure that all items brought to school are named and any items that are irreplaceable are not brought to school, unless this has been discussed with a member of staff first.

Please ensure all 'Show and Tell' items have been prepared and brought to school by Friday 13th July. We will begin listening to the children's show and tell presentations when they are brought in, therefore feel free to submit them earlier if they are ready.

Thank you for your support this year in providing a broad, varied and rich range of experiences for your children through their home learning activities.

Kind regards,

Miss Cannon, Mrs Tennant and Mrs Watters.
