

# Author and Illustrator School Visit

## Thursday 7th March

Author, Lindsey Kennedy and illustrator, Alicia Howard will be coming into school to read, and talk about their new story book to the children. At the end of the day there will be an opportunity to purchase signed copies.

## Ruby Long Dog Tales ...

...are touching stories portraying the World as seen through the eyes of a smooth-haired miniature Dachshund puppy and her doggy friends. Children will learn about different breeds of dogs, their characteristics, and about caring for their needs. The books are both captivating picture books for parents and carers to share with younger children, and excellent for young readers, with strong picture clues supporting a clear, legible text. All the dogs in this story, and other titles in the series, are real dogs who live with their families in and around villages in Buckinghamshire.

Illustrated storybook for 2 to 7 year olds
