Green Day

Tuesday 30th April 2019

On green day we saved electricity because electricity is important because if we ran out of

and we could run out so we had pack lunches which were nice because there was chocolate cake in

electricity. Electronic devices wouldn't work. All our yummy hot lunches come from the oven which uses a lot of electricity

them. It was the best day ever!

By Charlie

Green Day cont.

On Green Day we saved electricity and reuse materials because we looked after the planet. Animals are getting extinct all the time and that's not good is it.
By Ben

On Green Day my favourite part was when I did Pond dipping. Next we went to the forest school area and we made picture frames, rain sticks and building the den. Then we had snack, for snack we had Raisins and Carrots.

By Sara

ON GREEN DAY MY FAVOURITE PART IS THAT YOU GET TO WEAR YOUR OWN CLOTHES TO SCHOOL.

AT GREEN DAY WE DO THREADING ON BICYCLE WHEELS FOR DECORATING AND SO THEY LOOK COOL. WHEN THEY ARE FINISHED WE WILL PUT THEM UP.

BY ALEX

Green Flag

Our school has earned the Green flag. To earn the Green flag you have to be very Eco friendly and pass lots of tests.

By Frankie

Junk Modelling Competition

When it was near Green day we had a junk modelling completion. I made a dragon it was red with yellow wings. It looked very good.

By Madeleine.

GYGZIG

I've got your grown-ups gardening I swept the leaves and did some weeding. I did some planting too. I had lots of fun.

By Gracie.

Walk to school

Every day we log in to travel tracker before we start our day. If we walk to school every day we will get a badge at the end of the month.
